

Export an Emotion Sensor®

<http://help.emojot.com/help/2019/09/27/export-a-sensor/>

To export a sensor to another account, click on **Export survey** icon on sensor widget on **My surveys** page and get the unique code.

Copy and paste it in a different account to get the selected sensor on that account.

This code can be used only once within two hours.

Export survey

Copy following code and paste it on "Import Survey" in a different account to get this survey on that account.

0xkca

*This code can be used only **one time** within next **2 hours**.
